

Available from October 2019! Amphitec Base Loader on Scania chassis

Benefits:

- Discharge into big-bags or containers using Hi-Lift system
- Win time manipulating pipes & hoses using 8" radio remote suction boom
- Eliminate operator questions by simple 2 step operation
- Increase profit per transport through higher payload and best payload division on the market
- Reduce maneuvering time and maneuvering damages by short chassis configuration and last steering axle
- Vacuum faster by the high air flow new No-Resist™ Silencer package

General information:

Year of production	2019
Content product tank	12,5 m3
Payload	Approx, 10T
Pump model	Roots blower Vortex 9000
Max vacuum	96%
Max pressure	1 bar
Chassis	SCANIA G410 E6 6X2*4
Suitable for	Suction of dry & wet materials and blowing of free flowing products
Condition	New
